

# ADDING MEMORIES IN FAMILYSEARCH

01

## SELECT "MEMORIES"

There will be four choice to select from: "Overview", "Gallery", "People", and "Find". Selecting "Gallery" is most common for adding memories.

## SELECT THE BUTTON

02

Select "Choose Files to Upload" . If applicable, select the other options available.

03

## TAGGING ANCESTORS

Select the newly uploaded picture. Once you have done this, click on the portion of the picture for which you wish to tag your ancestor and type in their name to identify them.

## ADDING A STORY

Select the  button and select "Create a Story". Add your desired files, title, and story.

## DELETING MEMORIES

Go to the "Memories" option on the FamilySearch toolbar. Select "Gallery". Select the picture to be deleted. Select "Actions" and then select "Delete"
